Neighbourhood Plan Process

* Minimum time - 6 weeks

** Minimum time - 25 working days

cabe and neighbourhood-planning

**Design in
neighbourhood planning**
How we can help you

Working across the following five stages we can help you:

01 // Organising

02 // Mapping & evidence

03 // Telling your story

04 // Pulling it together

05 // Making it happen

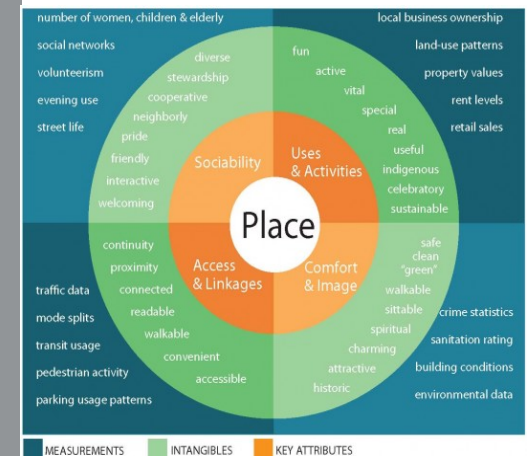

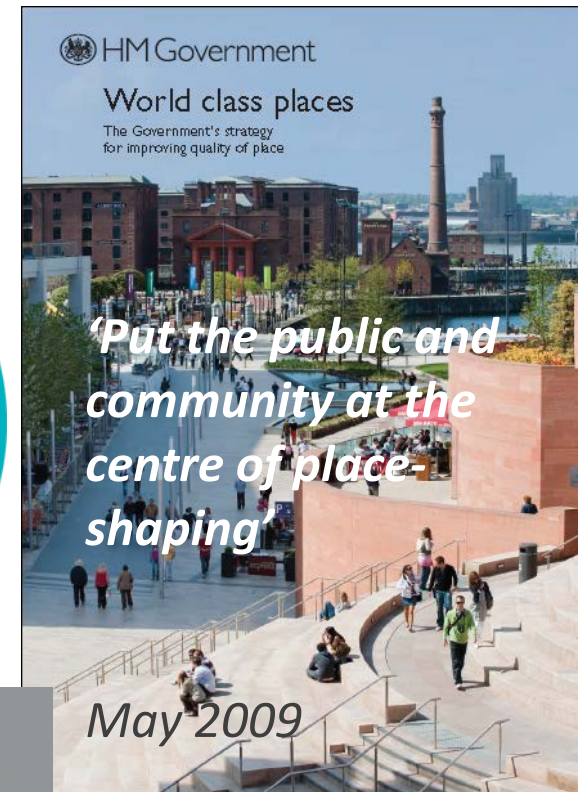

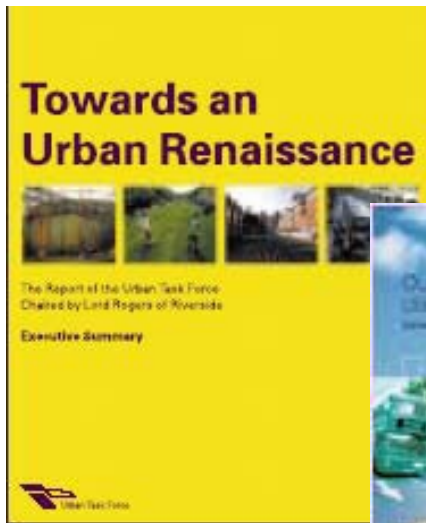

place-making

Placemaking is a multi-faceted approach to the planning, design and management of public spaces. Placemaking capitalises on a local community's assets, inspiration, and potential, ultimately creating good public spaces that promote people's health, happiness, and well being. Placemaking is both a process and a philosophy. wikipedia

place-thinking

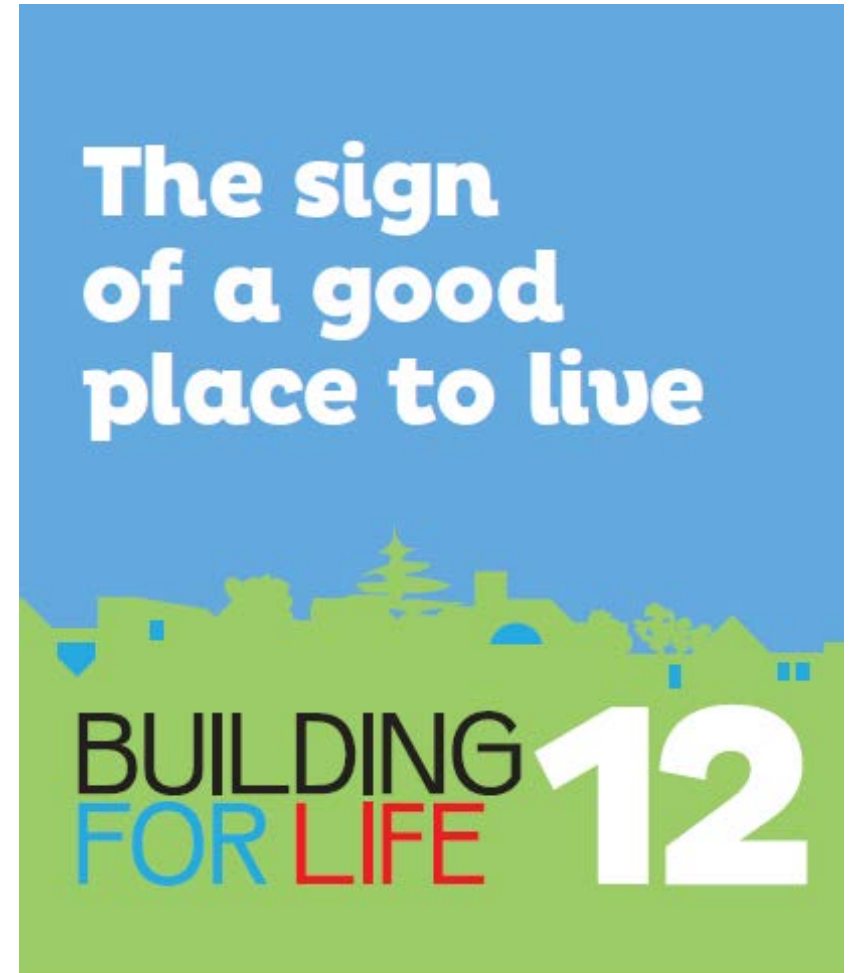

enabling

- Increasing capacity
- Mentoring to achieve best outcome
- Objectivity
- Sign posting and confidence building

building for life12

- Integrating into the neighbourhood
- Creating a Place
- Street and home

building in context
